

My name is Haille Bell and I am in 10<sup>th</sup> grade. I joined journalism because not only do I appreciate writing, but my older brother was in the program for four years. Though I do not play travel softball anymore, I did for almost eight years. I only play recreational ball now. I like LRHS because it's the school that both of my brothers graduated from. Our school also has the reputation as being more lax. In my high school vision I strive to enroll in the Collegiate School at State College of Florida in order to get my Associates Degree with my high school diploma.
