

My name is AmeliaBelle Dasovich and I am in 11th grade, yet I still feel as if I am in a prolonged freshman-sophomore year. I am in journalism because simply- I like to write. I usually write about mostly fiction when I am home but if there is any opportunity to write I take it. In journalism we can also help students become more aware about the school. I absolutely love that this amazing school of Lakewood Ranch High School serves free breakfast in the morning. My goals in high school are honestly to get the best grades I can and strive for challenging classes.
