

My name is Morgan Lingle and I am a junior at Lakewood Ranch. Journalism gives me a great way to get my thoughts out to the school and help everyone communicate better. I am on the JROTC staff, I do orienteering, and I am on varsity Track team. Lakewood Ranch is a great school because it gives me a lot of opportunities to be successful and grow. While I am in High school I would like to keep my academics my main priority and also create friendships that will last the test of time.
