

I'm Mike Rogers and I'm a junior here at Lakewood Ranch High school. Journalism to me is has been my favorite elective I've taken all three years, simply because I love the art of writing. Not only do I love writing but I enjoy I reporting; the field work of getting quotes, interviewing and finding out information. These two combined get you journalism. I like LRHS because of the expansive programs and opportunities they provide for us. I plan on taking my education beyond high school to Florida State University College of Business, where I'm hopeful to earn my doctorates degree.
