

My name is Jonathan Reid and I'm in 10<sup>th</sup> grade. I'm in journalism because I enjoy writing and providing news to people. I also enjoy interviewing people and finding out new information. Some extracurricular activities that I participate in are Lakewood Ranch cross country, basketball, and track. One reason why I like Lakewood Ranch High School is because it's a big school with lots of cool activities to take part in; both in and out of school. One goal I have for this school year is to do well with my grades and keep up with all my work.
