

My name is Emma Stock I am a senior at LRHS. Journalism gives me the opportunity to vocalize my view points and report useful tips to other students/parents. This class has helped me get through all four years I have attended this school. Out side of journalism and school life I participate in club sport, Sarasota Crew, and volunteer at John Hopkin's All Children's Outpatient Center. The reasons I like LRHS are because of the student life/ involvement, and all the electives it has to offer. Goals I have for my final year of high school would to be to graduate with great grades and have my college and college stuff organized and planned.
